- **End of Conference & Closing Ceremony**

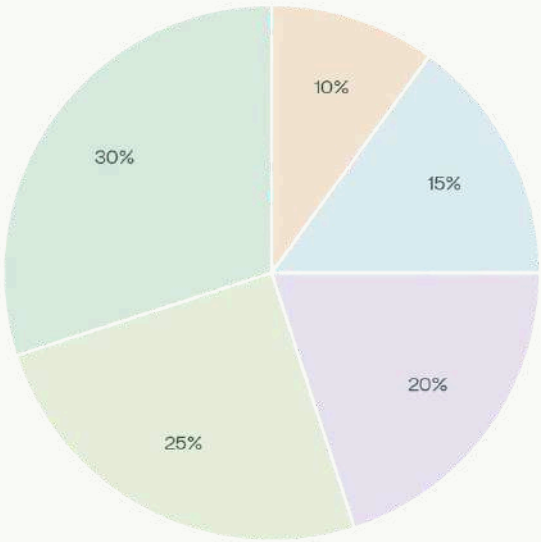

Who attended Climate Week 2026?

A global climate community, represented across sectors and disciplines.

The chart will use the same illustrative breakdown:

- Business & Industry – 30%
- Researchers & Academics – 25%
- Climate & Sustainability Professionals – 20%
- Government & Policy – 15%
- NGOs & Civil Society – 10%

Government

Stakeholders from public policy and government communities.

International organisations

International organisations and climate organisations.

Corporations

Business leaders and corporate sustainability communities.

NGOs

Non-governmental organisations and civil- society voices.

Universities

Universities and research institutions.

Technology & innovation

Technology and innovation organisations.

“Conference demographics are presented based on confirmed data, with additional insights to be incorporated as they become available.”

Voices from Climate Week 2026

Real perspectives from those who joined us at Climate Week 2026.

Emilia Cabrera Ramirez —

Programme Manager, UNEP, France:

"I found the speakers very good, engaging, and interesting, and I enjoyed listening to the different perspectives and discussions."

Helena Sarén — *Head of Finnish*

Liaison Office for EU R&I, Business

Finland, Finland: "I think that speakers were generally of high quality and some good contacts were established. Also schedule – even though very demanding – functioned nicely. Moderator of the conference was great."

Sanjeev Bordoloi — *Global Digital*

Lead, Baker Hughes, UK: "It was a pleasure to be part of the Climate Week 2026, and contribute towards its success. It was well organized, and I enjoyed attending it."

Jane Davidson — *Chair, Wales Net*

Zero 2035, United Kingdom: "I enjoyed the event and met some interesting new colleagues."

Shuvra Deb — *The Abundance*

Coach, United Kingdom: "Thank you for another interesting conference."

Tomáš Hájek — *International*

Association of Landscape Archaeology, Czech Republic: "The conference has offered brilliant opportunity to exchange ideas with highly distinguished colleagues. To be quite sincere, I have felt that my presentation has met with the interest of the highly distinguished audience."

Prof. Dr. Eng. Velizara Pencheva —

University of Ruse, Bulgaria: "It was a pleasure for us to participate in the conference and to have the opportunity to present our work, exchange ideas, and discuss current challenges and approaches related to climate change and sustainability."

Jens Steffen Hammes —

Hydrogeologist and Head of Science, Carbon Drawdown Initiative, Germany:

"It was fascinating to see such a diverse range of people and areas of expertise working on climate- and sustainability- related issues."

EDITORIAL PHOTO STORY

Climate Week 2026 in pictures

A visual look at Climate Week 2026 — capturing inspiring presentations, meaningful discussions, networking, and collaboration among climate and sustainability leaders.

Moments from Climate Week 2026

Connecting Climate Leaders Networking brought together professionals from diverse sectors and areas of expertise.

From Ideas to Action

Across two days, Climate Week 2026 brought together experts, researchers, policymakers, businesses, and sustainability professionals to exchange knowledge, explore innovative solutions, and build meaningful connections.

CLOSING REFLECTION

TURNING IDEAS INTO ACTION

The 5th World Conference on Climate Change & Sustainability – Climate Week 2026 provided a valuable platform for experts, researchers, policymakers, business leaders, and sustainability professionals to exchange knowledge, share perspectives, and explore practical pathways for climate action.

Across two days of keynote presentations, expert sessions, and panel discussions, the conference highlighted innovation, collaboration, resilience, sustainable finance, climate technology, nature-based solutions, and the transition toward a net-zero future.

The diversity of speakers and participants demonstrated the importance of bringing different sectors, disciplines, and perspectives together to address the complex challenges of climate change.

We sincerely thank all keynote speakers, moderators, presenters, delegates, partners, and participants for their valuable contributions and support.

Together, we can continue turning ideas into action and advancing solutions for a more resilient, equitable, and sustainable future.
